

Income protection tailored to your clients

Isn't it time you sized up one2protect income protection?

Keeping life colourful

Protect your clients' income with one2protect

Our one2protect income protection plan is designed to protect your clients' income if they're ever unable to work due to illness or injury.

Who is one2protect income protection for?

It's for clients who are in lower risk occupations, which includes professional or administrative roles. These types of jobs are really varied, for example solicitors, librarians, admin workers, estate agents and hundreds more.

Find the full of occupations covered by one2protect at:

www.holloway.co.uk/o2p

Solicitors Librarians Admin workers Artist Columnist Manager - Retail MHS Manager Office clerk Politician Translator Youth worker Estate Agent Grocer

A plan for all sizes

- Premiums are guaranteed for the first 5 years and then become reviewable
- Your client can protect up to 60% of their gross salary
- They can decide how long they want the plan to run for - from 5 years up to 52 years
- There's a selection of different waiting periods to choose from

Why should you recommend one2protect to your clients?

If your client chooses an age-costed plan their payments will start low, based on their age, and increase each year as they get older. The lower starting price can help make income protection more affordable for clients on a budget.

Clients can choose between a one-year, two-year or full-term claim period with either age-costed or level premiums.

Or, there is a level premium option available too.

Our premium rates are guaranteed for the first 5 years of the plan, then are reviewed, and may go up, down or stay the same. Plans can also be index-linked so your client's benefit can keep up with the cost of living.

Your client's cover can change as their life changes, including the ability to increase cover without the need for medical evidence, or additional underwriting, if certain life events happen.

Plus, we've added the option for clients who rent to increase their cover if their rent goes up, or if they go from renting to getting a mortgage later on.
