### **DigitalMove intuitive and easy to use**

Used DigitalMove recently and found it very easy and intuitive. The platform made things quicker...compared to my prior transactions with conveyancing firms over emails and basic document upload platforms.

### **Excellent service!**

The app works really well and communication from the team is superb. I've used a few of these online solicitor portals over the years but this one is by far the best. Would definitely recommend! Well done guys, and thank you!
